Wednesday, 20th July, 1904.

FIFTY-SEVENTH ANNUAL REPORT.

YOUR Committee beg to present to the Governors their
Report for the year ended 31st March, 1904.

Numbers Benefited. The number of blind persons directly benefited by the Institution continues to steadily grow, the figures for the past year exceeding by 19 those of the previous year. The numbers dealt with in the various departments of the work were as follow :—

Resident Pupils	136
Day Pupils	12
Teachers	12
Canvassers	3
Day Workers	66
Travellers	4
Middlemore Trust Beneficiaries	25
Clerk	1
Porters	2
Pianoforte Tuner	1
Under Nurse	1
Adult Blind	371
Total	<u>634</u>

Health. The health of the pupils may on the whole be considered satisfactory, although there has been a number of cases of sickness which have caused very considerable anxiety. Two deaths have occurred during the year, but in both cases during the vacation. These pupils left the Institution in their usual health.

The Medical Officers, and the Surgeon Dentist, have been most assiduous in their attentions to the pupils, and your Committee very gratefully acknowledge their indebtedness to them for the time and skill so freely given to the sick and suffering blind of the Institution.

Education and Training. The education and training of the pupils present at the present time exceptional difficulties, inasmuch as there is an unusually large percentage of children in the school who suffer from bodily and mental defects as well as from blindness. This condition of things necessitates a large amount of individual and special tuition, as well as great resourcefulness on the part of the teachers. Notwithstanding these difficulties your Committee are able to congratulate the staff upon the results of the year's work.

The Report of H.M. Inspector just received from the Board of Education, is as follows :—

“ I can again report very favourably on the condition of “this Institution, which is carried on with great vigour and “spirit. The pupils are well cared for. There are in the “lowest class several of more or less defective intellect, who “are difficult to deal with, but there is in all classes abundant “evidence of careful and systematic teaching, and the pupils “generally are responsive and show an intelligent interest in “their work. The physical exercises are good, and the “instruction in music is very thorough and successful.”

Miss Edith M. Jones, one of the Blind Assistant Mistresses, entered the Acting Teachers' Examination held by the Board of Education at Midsummer, 1903, and passed in the First Division.

Higher Education of the Blind. The Elementary Education (Blind and Deaf Children) Act, 1893, made it compulsory for School Authorities to see that blind and deaf children were properly educated

until they reached the age of 16, but no powers, either compulsory or permissive, were given to the School Authorities in respect of Blind persons over this age. The Education Act 1902, however, which makes provision for the higher education of sighted persons, give also permissive powers to the Education Committees of England and Wales to contribute towards the higher education of the Blind. Your Committee have taken an active part in bringing the claims of the Blind under the notice of these authorities, and are pleased to report that a considerable number have decided to continue to pay a portion of the fees for the education of their blind pupils after they have attained the age of 16.

Music. The progress in this department has been of a decidedly encouraging character. Since the issue of the last Report two of the Senior Pupils, Frederick W. Priest and Albert Robbins entered for the Associateship Diploma of the Royal College of Organists, and were successful at their first attempt. Their instructor was Mr. A. R. Gaul, Mus. Bae. Cantab., the Head Music Master of the Institution, who is to be warmly congratulated on the success. Of the 199 sighted candidates (mostly professional musicians) who presented themselves for this examination, only 32% passed.

F. W. Priest's Cantata "The Centurion's Servant" has now been published, and was performed for the first time at the Annual Concerts held in the Institution in March last. The composer was most enthusiastically applauded at the conclusion, while the London and Provincial Press gave high praise to the work. The Cantata was transcribed from the embossed type by Mr. Gaul, the Work being edited and prefaced by him. The cost of publishing the Work, which included a thousand copies and the plates for future use, was defrayed by this Institution and Gardner's Trust for the

Blind, London. The proceeds of the sale will be devoted to Priest's benefit. In order to give Priest wider experience, your Committee have arranged that he shall receive a series of lessons on the Town Hall Organ from the City Organist, Mr. C. W. Perkins. Priest still holds the Organist appointment at Meriden, where he is securing a teaching connection.

The fine "Bishop" Organ at the Institution has been thoroughly cleaned and repaired, and a new set of modern pedals supplied.

Your Committee regret to record the severance from the Institution of their Blind Assistant Music Master, Mr. Robert Witcomb, after 47 years' service. Mr. H. E. Platt, a former pupil of the Institution, has been appointed to succeed Mr. Witcomb, and the Committee are convinced that they have secured an able and zealous Teacher.

Pianoforte Tuning. The tuition in this department is conducted on sound principles, but your Committee are considerably handicapped in the matter of repairs to instruments, owing to lack of room. This matter is receiving careful attention, and will if possible be dealt with. Your Committee will be grateful if the friends of the Blind would reserve the tuning of their pianos for the Blind Tuners sent out from the Institution. Messrs. W. S. Riley and Son, Pianoforte Warehouse, 100, Corporation Street, Birmingham, have again rendered great service to the cause of the Blind by allowing the Senior Pupils to practise in their showrooms and workshops.

Successful Pupils. Twenty-six pupils left the Institution during the year, the majority of whom have been successfully trained and are now earning an honourable livelihood. The particulars of each case are as follow :—

- Charles B. Cary.* Learned brush-making, now employed in the Institution Workshops and earning a good wage—mother, a widow—Cary, who is the eldest son, is the mainstay of the home.
- Frank L. Crowe.* Appointed Collector to the Institution.
- George S. Hards.* Training completed as Pianoforte Tuner, and certificate awarded.
- Alfred Harris.* Training completed as Pianoforte Tuner, and certificate awarded.
- James F. James.* Learned Pianoforte Tuning—left to commence business on his own account.
- Charles Lavender.* A fair Pianoforte Tuner—went to Canada with his parents.
- Aubrey J. Pearson.* Learned Shorthand and Typewriting—now employed as a commercial traveller.
- Edwin T. Pearson.* Learned mat making—now employed in the Institution Workshops.
- Percival F. Reynolds.* Employed as Van Traveller for the Institution.
- John Y. Salt.* Learned Typewriting—has sufficient sight to follow his employment as a Banker's Clerk.
- William Young.* Learned Mat making—now employed in the Institution Workshops.
- Annie Brett.* Learned Brush making—now employed at the Institution. Gardner's Trust assisted in purchasing a Knitting Machine with which she materially augments her income.
- Daisy K. Bumford.* Trained for domestic service—withdrawn by her mother because her sight had greatly improved.
- Ada L. Burley.* Left at the age of 16—partial sight—now practises machine knitting.
- Mary A. Collis.* Learned Chair seating and a little basket work—practises these at home, and has also a Tea Agency.
- Beatrice Edwards.* Learned Shorthand, Typewriting, and Machine Knitting—now employed at the Institution.
- Beatrice M. Gell.* Learned Shampooing, Typewriting and Machine Knitting—has joined her sister in Cape Colony.
- Louisa Ward.* Learned Brush making—now employed in the Institution Workshops.

Of the remainder, two died at their homes during the

vacation, two left on account of ill-health, the sight of one so greatly improved that she could no longer be considered blind, one returned home through incapacity, one of very little ability was sent by the G.F.S. to a Home for Blind Women, and one was withdrawn at the request of the Committee for misconduct.

In the last Report it was announced that the work of erecting the school had commenced. Your Committee now have pleasure in stating that the building is nearing completion, and it is hoped that the opening will take place in the Autumn. No pains have been spared to build and equip a school worthy of the cause of the Blind and of the traditions of the City of Birmingham. At the same time strict economy, consistent with efficiency, has been maintained.

The ceremony of laying the Foundation Stone was performed by the Lady Mayoress of Birmingham (Mrs. Hallewell Rogers) on the afternoon of Thursday, 30th July, 1903. A very large company of donors, subscribers, and other friends of the Institution were present, and took the keenest interest in the proceedings, which passed off in a most satisfactory manner. The order of the proceedings was as follows :—

The Committee met the Lord Mayor and Lady Mayoress at the Entrance, where Miss Doris M. Lowe (daughter of the Chairman) presented the Lady Mayoress with a Bouquet.

The Vicar of Harborne, the Rev. W. J. Price, offered Prayer.

Mr. George Edwards deposited under the Stone a Jar containing the following Articles :—

- (a) A Map of Birmingham, showing site of New School.
- (b) The last Annual Report of the Institution.
- (c) The Appeals for funds for the Kindergarten School.
- (d) The Invitation Card and Programme relating to Stone-laying Ceremony.

(e) Specimens of work of the little children for whom the Kindergarten is intended.

(f) Specimen of Shorthand for the Blind, and Typewritten Transcript.

The Chairman, Mr. Arthur L. Lowe, asked the Lady Mayoress to lay the Stone, the inscription on it being as follows :—

THIS STONE

was laid by

THE LADY MAYORESS OF BIRMINGHAM,

Mrs. HALLEWELL ROGERS,

30th July, 1903.

J. A. Chatwin & Son,
Architects.

Arthur L. Lowe, *Chairman.*
Howard Lloyd, *Treasurer.*
Cuming Butler, *Hon. Secretary.*

The Architect, Mr. Philip B. Chatwin, (Messrs. J. A. Chatwin and Son) handed the Trowel, presented by the Committee, to the Lady Mayoress.

The Builder, Mr. Harold Godfrey, (Messrs. Collins & Godfrey) presented the Mallet to the Lady Mayoress.

The Lady Mayoress, having spoken on behalf of the little blind children for whom the School is intended, proceeded to lay the Stone.

A Vote of Thanks to the Lady Mayoress was moved by the Treasurer, Mr. Howard Lloyd, and seconded by the Hon. Sec., Mr. Cuming Butler.

The Lord Mayor replied on behalf of the Lady Mayoress.

The Right Rev. the Lord Bishop of Coventry then pronounced the Benediction.

By invitation of the Committee, the Visitors then partook of Afternoon Tea in the Marquee provided for that purpose.

The furnishing of the School is now receiving the attention of the Committee, and they take this opportunity of inviting contributions of such articles as Striking Clocks, Embossed Books for the Children's Library, Pianos for their music practice, Toys, Musical Boxes, &c.

Your Committee have appointed from among a large number of applicants, Miss E. Ferris, of the Queen's Hospital, as Matron of the Kindergarten School, and they have confidence that she will prove herself well worthy of this most important post. Miss Ferris is acting as Assistant Matron at the Main Institution until the New School is opened.

Of the £17,500 required for the land, buildings, furniture, &c., about £13,500 had been received or promised on 31st March, 1904. The Committee very earnestly appeal for the remainder (£4,000), so that the School may be opened free of debt.

The Blind of Egypt. Mr. Ahmed Fahmi, an Egyptian Student, who is being trained for work among the Blind of Cairo, spent one month at the Institution, studying our methods of education, training and employment. Your Committee received the grateful thanks of H.E. The Minister of Public Instruction of the Egyptian Government, for the privileges afforded Mr. Fahmi.

Gardner's Trust. The thanks of the Governors are again due to the Committee and Secretary of Gardner's Trust for the Blind, London. It is not possible in this Report to describe in detail the various ways, financial and otherwise, in which your Institution has benefited at the hands of the Committee of this Trust. The value of the help so freely and liberally given may be gauged when it is stated that the efficiency of the Institution would be very seriously affected were such assistance to be withdrawn.

British and Foreign Blind Association. Your General Superintendent and Secretary, Mr. Stainsby, has by invitation become a member of the Council of the B. and F. B. A., London, and has recently

been appointed Chairman of the Technical and Book Committee of the same Council. The objects of this Association are so important and far-reaching, affecting as they do the welfare of the Blind not only in this country but also in all parts of the world, that your Committee considered it very desirable Mr. Stainsby should accept this invitation.

Middlemore Trust. The Funds of the Middlemore Trust have again been most useful in assisting 25 Blind pupils of the Institution to make a start in life. The sum of £77 14s. 6d. has been disbursed in this way.

Trade. The primary object of the Trading Department is to provide suitable employment for blind persons, so that they may be enabled to maintain themselves by honest industry. In this the Committee feel that a large measure of success has been attained, as the following figures show, comparing as they do the results of the last ten years' work :—

	1894.	1904.	Increase.
Sale of Goods	£2,486	£8,441	£5,955.
Number of Blind Workers	19	66	47.
Wages to ditto... ..	£419	£2,245	£1,826.

The item "Wages to Blind Workers, 1904" (£2,245) does not represent *all* the wages and salaries paid to the blind persons employed in the Trade Department. To this must be added £253 paid to blind Travellers, &c. The total wages to the Blind in the Trade Department during the past year therefore amounted to £2,498. (It may here be incidentally mentioned that the total salaries and wages paid to Blind Persons employed in various departments of the Institution as Teachers, Workers, &c., amounted last year to £3,351—a significant fact).

In order to encourage the retail branch of the trade, your Committee have during the year engaged three additional Van Travellers, all of whom are blind. The Van Travellers always wear a distinctive uniform by which they can be recognised. A Retail Shop has also been opened in Christ Church Passage, New Street, where a variety of goods can be purchased. The Typewriting Department has been transferred from Temple Courts to these premises, and every facility for the rapid execution of orders for typewriting has been provided. A considerable number of circular letters in identical terms, as well as single copies, can now be produced "*while you wait*."

Two new trades suitable for the Blind have just been inaugurated, viz.: Boot Making (or rather *Mending*) and Stocking Knitting by Machine. With regard to the former, four blind youths have commenced to learn, and when efficient your Committee will be able to find full employment for one of them in repairing the boots and shoes of the pupils of the Institution. This is also true of the Stocking Knitting, although in this branch orders from the public will be cordially welcomed. Both Boot Mending and Stocking Knitting possess the advantage of being suitable for *home* employment—a feature not often found in occupations for the Blind.

From the foregoing statements and figures it will be seen that much success has been attained, and every possible means used to extend the Trading Department, but much—*very much*—yet remains to be done. The Trade Committee have before them a list of 40 Blind Persons able and willing to earn their own living if work can be provided for them; but at present this is impossible, first, because the orders received are only just sufficient to keep their present employees in full work, and secondly because increased

Workshop space will be necessary before many additional workers can be accommodated. There is ample room for new Workshops on the Harborne Site, when funds for their erection are forthcoming.

Annual Concerts. The Annual Concerts, Gymnastic Displays and Sales of Work were held in March, being carried on for six evenings. Invitations were sent to all subscribers and donors of 2/6 and upwards, and the surplus tickets were distributed amongst the general public. The results, which your Committee consider very satisfactory, were as follow :—

Sale of goods made by the Blind	...	£156	19	8
Profits on Refreshments	...	£6	16	0
Collections	...	15	18	6
Special Donations	...	21	5	0
New Annual Subscriptions...		1	11	6
			45	11 0
Sale of Priest's Cantata	7	18 0
Number of Visitors	...	2,300.		

Structural Alterations. It has long been felt that the lavatory and bathing arrangements were inadequate and antiquated. Some of the pupils suffer from active diseases of the eye of a more or less contagious character. These and other complaints of a similar kind have convinced your Committee that the only safe method of washing and bathing is by the use of running water. Additional accommodation is also required for pupils' clothing, and for the sick and convalescent. Your Committee have several schemes for improvement under their consideration.

Adult Blind Branch.

The work among the Adult Blind has been of a most encouraging kind, the visits of the devoted Blind Teachers, Miss Beighton and Mr. F. Walford, being much appreciated, and the books they distribute eagerly sought after.

The following new pensions (all from London Societies) have been obtained for members of this Branch during the year :—

- 1 of £10 from The Clothworkers' Charity for the Blind.
- 1 of £10 „ Gardner's Trust for the Blind.
- 1 of £10 „ Hetherington's Charity for the Blind.
- 1 of £10 „ The Painter Stainers' Charity for the Blind.

When your Committee remember that of the 371 members of this Branch the majority are over 50 years of age, they are forced to the conclusion that pensions or some other form of permanent help are an absolute necessity. It is much to be regretted that Birmingham has not yet provided such assistance for the helpless aged Blind. Fifty new cases have been discovered by the Teachers during the year, but many old and honoured members have passed to their rest, at least one of whom has been associated with this Branch for 40 years. The thanks of the Committee are due to those ladies who have so kindly assisted this Branch by contributing money, clothing, books, etc., and they specially recognise the kind co-operation of the Lady Collectors, through whom most of the funds of this Branch are raised.

New Members of Committee

Five new members have joined the Committee during the year, the Rev. Canon Owen (the new Vicar of Edgbaston), and Messrs. Harrison Barrow, J. F. Bolding, J. D.

Scurrah, and R. Stuart Todd. Of these, Dr. Scurrah has acted in the capacity of Hon. Medical Officer for many years, while Canon Mansfield Owen was a member of the Royal Commission on the Blind and Deaf & Dumb.

Obituary. With great regret your Committee have to report the death of the Hon. Solicitor of the Institution, Mr. C. T. Saunders, which took place 24th October, 1903. For nearly 35 years Mr. Saunders served the cause of the Blind with great ability and zeal, and the Governors are to be congratulated that they had associated with their Institution as its legal adviser a gentleman possessing such high qualifications as the late Mr. C. T. Saunders. His son, Mr. C. H. Saunders, was unanimously appointed his successor at the last Annual Meeting.

Executive. Mr. Stainsby and Miss Brierley continue to give your Committee every satisfaction, and we consider ourselves fortunate in having two such able and conscientious workers in the Institution. To them, as to the other members of the Staff, we tender our sincere thanks for their work during the past year.

The Committee desire to record their
Legacies. gratitude for the sum of £4,596, which has been received in legacies during the year. This amount includes £4,000 from the estate of the late Mr. Thomas Best.

Presents. Your Committee tender their grateful thanks to those friends who have aided the Institution by gifts of various kinds during the year. A full list will be found on pages 80 and 81 of this Report.

Finance. The finances of the Institution are still in a very unsatisfactory condition. There is a deficit on the General Account for the past year of £1,256, and an accumulated adverse balance of £477 on the Adult Blind Branch Account. Your Committee have employed every legitimate means to increase the income of the Institution, but the adverse balances shew that the result obtained is still altogether inadequate. An interesting development in the collection of subscriptions and donations has been the employment during the last ten months of the year of two additional Blind Collectors, Messrs. Firth and Crowe. These young men, who are dressed in a distinctive uniform, have personally handed to householders over 20,000 printed appeals for funds, and have also themselves pleaded for their fellows in affliction. The result has been that they have collected between them £237, mostly in *very* small sums.

Inasmuch as the Institution not being a medical charity receives no pecuniary aid from the Hospital Saturday Fund, your Committee decided to make a direct appeal to the Working Men of the city by placing placards in the Works, where the principals would kindly permit it, and by sending a blind representative to address the men. Your Committee have also arranged to have the first Monday afternoon and evening in each month (Jan, Aug. and Sept. excepted) from 2.30 to 8.30 p.m. set apart for the inspection of the Institution by any delegates from Works, and by the public generally. On these occasions a Gymnastic Display will take place at 6.45 and a Concert at 7.30 p.m.

It is right to state that of the adverse balance £100 may be fairly said to belong to the expenditure of the Kindergarten School, but your Committee feel that it would

be unwise to cripple the new school with any incidental expenses until it is equipped and occupied and has an income of its own.

From the perusal of the foregoing report it is evident that much is being accomplished for the Blind, but it is equally clear that your Committee are sadly hampered for want of funds. They therefore very earnestly appeal to their fellow citizens for an increased measure of support.

In conclusion, the Committee desire to record their deep sense of gratitude to Almighty God for the many prosperous years through which the Institution has passed, and they look forward in full reliance on Him for the success of their work in the future.

By order of the Committee,

ARTHUR L. LOWE, *Chairman.*

CUMING BUTLER, *Hon. Secretary.*

INFORMATION RESPECTING THE ADMISSION OF PUPILS INTO THE INSTITUTION.

COMPULSORY EDUCATION OF THE BLIND.

Since the passing of the Elementary Education (Blind and Deaf Children) Act, 1893, all blind children between the ages of five and sixteen must attend a certified School for the Blind.

APPLICATION FOR ADMISSION.

Persons desiring a "Form of Application" should write to the Secretary. (A fac-simile of the "Form" will be found on pages 45 to 48 of this Report). When the "Form" is filled up it should be returned to the Secretary.

ELECTION OF PUPILS.

All Pupils are elected by the Committee.

QUALIFICATIONS.

Applicants are eligible for admission until twenty-one years of age, but preference is given to those under sixteen. They must either be totally blind, or not possessed of sufficient sight to be able to read the ordinary school books used by sighted children. They must also be free from bodily and mental defects which would prevent them receiving instruction, or from following some useful occupation.

PROFESSIONS AND TRADES.

Music (theoretical, instrumental and vocal), Pianoforte Tuning, Shorthand and Typewriting, Basket Making, Brush Making, Mat Making, Chair Seating, Machine and Hand Knitting, Boot Mending.

HOLIDAYS.

There are holidays twice during the year, when all pupils are required to return to their homes: *viz.*—five weeks at Midsummer, and four weeks at Christmas.

The travelling expenses must in all cases be borne by those who are responsible for the payments.

By a concession of the Railway Companies, all blind pupils leaving Institutions for their Midsummer or Christmas holidays, and returning at the close of the vacations, are allowed to travel the double journey for single fare.

CHARGES.

A uniform charge of £6 11s. 3d. per quarter is made.

This payment *includes* board, lodging, education, and clothing after the first outfit, but is exclusive of travelling expenses.

All payments must be made in advance.

In case the parents are too poor to make the necessary payments for their child's education, application should be made to the Clerk of the School Authority for the district in which the child resides. The School Authority is bound to take steps to educate the child by sending it to a Certified School until it reaches the age of sixteen. If the circumstances of the parents permit, the School Authority may demand from them a contribution towards the cost of their child's education. The Education Authorities have permissive powers to educate the Blind after the age of sixteen, under Part II. of the Education Act, 1902. The Guardians of the Poor have powers also to make the payments, *after* the age of sixteen.

N.B.—Although payments are made to the Institution towards the maintenance and education of the Blind, it must be clearly understood that *these are by no means sufficient for the purpose*, the remainder requiring to be supplied by the benefactions of the Charitable.

PREVENTION OF BLINDNESS.

ADVICE TO MOTHERS AND NURSES.

It cannot be too widely made known that many persons are blinded every year by diseases which are preventible and curable. The most destructive of these diseases is the *Ophthalmia of new-born infants*. Nearly one-third of the present inmates of this Institution owe their blindness to this cause, and the same high proportion has been found in other schools for the Blind. It is not too much to say that in nearly all these cases the eyesight might have been saved by proper treatment at the commencement of the disease. The disaster usually arises through ignorance of the danger and consequent delay in obtaining medical treatment.

This form of Ophthalmia is due to the infection of the baby's eyes with irritating matter during or very soon after birth. About the third day after birth—sometimes earlier, sometimes a little later—the child's eyelids become red and swollen, and begin to discharge yellow matter. *This is the sign of danger.* Skilled medical advice should be obtained without a day's delay, and in the meantime the baby's eyes should be thoroughly and frequently cleansed in the following way:—

Place the baby on its back, with a cloth under the head; separate the eyelids gently with the thumb and finger, and with a bit of soft, clean rag drip warm water freely into the eyes, so as to wash away the matter as thoroughly as possible. Work the lids about gently over the eyes so as to bring the

matter out from underneath them, and do not be content till you have got it all away. Repeat this, in a bad case, at least every hour through the day, and every two hours through the night. In addition to this the drops or solution ordered by the medical man must be regularly and carefully used according to his directions. If this treatment be begun at once the eyes will probably be out of danger in a few days. If it be neglected they may be permanently blinded within a fortnight.

Caution.—The discharge is very catching. Be most careful that no particle of it finds its way to your own eyes. Burn every bit of rag after you have used it, and wash your hands thoroughly.

In Maternity Hospitals and similar Institutions for the help of women of the poorer classes, this disease was formerly very common. It has now been almost banished from such Institutions by the routine practice of dropping into the eyes of every infant, immediately after birth, one drop of a 2 per cent. solution of nitrate of silver. The non-infected infants are not injured in any way thereby, while the infected ones are saved from possible disaster. The general adoption of this practice, especially among the poorer classes, would undoubtedly diminish the number of persons blinded from birth to a very considerable extent.

Ophthalmic Surgeon to the Institution.
